

COMMANDER™ TRAFFIC DRUM

Engineered for
durability and performance

Enhanced Material Formulation for Superior Reboundability & Durability

- Available in high and low density polyethylene
- Five tier design
- NCHRP-350 Accepted, Meets MUTCD Standards

Extended Usable Life

NEW Power Dome

- Handle and Dome interfuse creating strength
- thicker wall
- resists denting

Power Dome

Gentle slope of dome
merges with handle

- Customize Your Drums →
- Name or logo molded in at our factory

Comfort Grip Handle

20% More Per Truckload

- ### NEW Tighter Stacking & Packing
- Maximizes transport and storage space

Improved Tire Interlock

NEW Tire Locking Ring Design

- Inhibits movement of drum on road surface
- wedge fit created from skirt ramp and elliptical shaped bottom
- Textured skirt increases friction and grabs tire
- Anti-roll design, flat sections on two sides

Revolutionary Light Folding

NEW Light Mounting Design

- Light easily turns for stacking
